EMAIL:sivanandham.skks@gmail.com

DOB: 27-07-2001

PROFESSIONAL SUMMARY

Backend-focused **Software Development Engineer** with 3+ years of experience developing scalable **web applications** and **RESTful APIs** using **Python, Django, REST Framework**. Experienced in **travel and booking systems**, **dynamic pricing**, **e-commerce integration**, **AI-powered document processing**, **workflow automation**, and **data driven applications**. Strong expertise in **PostgreSQL, MongoDB, MySQL, Redis, API Integration, Backend Validation, Database optimization, and debugging**. Skilled in collaborating with cross-functional teams and delivering reliable, business-focused backend solutions.

EXPERIENCE

Software Development Engineer

Pyolliv Pvt Ltd – Chennai, JUL 2025 – Present

- Travel & Hotel Booking Platform
 - Developed and maintain backend services for a **travel and hotel booking platform** using **Python, Django, Django REST Framework** and **PostgreSQL**.
- Dynamic Pricing, Discounts & Booking Managements
 - Worked on **hotel and flight invoice enhancements** to maintain accurate **financial and booking-related information**.
- Property Management & Approval Workflow
 - Improved **validation and approval workflows** involving **Sub Admin and Super Admin levels**, ensuring mandatory fields and business rules are validated before approval.

Software Back-End Developer

KM Digi Commerce Pvt Ltd – Chennai, OCT 2024 – JUNE 2025

- Business-to-Business (B2B) Ordering Platform:
 - Designed and developed a full-featured **B2B platform** for **manufacturers, distributors, and dealers**. Supported **catalog management, streamlined ordering, and logistics integration** to enhance visibility and operational efficiency
- Invoice Data Extraction & Lease Agreement Processing:
 - Implemented **AI-powered document processing** for **automating data extraction** from **invoices and lease agreements**. Enhanced **accuracy and reduced manual entry** through **OCR and intelligent data mapping**.
- Marketplace – E-commerce Integration Platform:
 - Integrated **Amazon SP-API** and **Walmart Marketplace APIs** to **sync orders, inventory, and listing insights** using **Django and MongoDB**. Built an “Insights” feature similar to **Helium 10** to **display listing quality, page views, and performance trends**. Developed **RESTful APIs** for **hourly sales metrics, real-time dashboards, and alert-based insights**. Handled **OAuth2.0 token** management and implemented **scheduled background sync tasks**.

Software Back-End Developer

HRLyics Private Limited – Bangalore | FEB 2023 – SEP 2024

- Developed and optimized backend services for an **AI-driven HR-platform** using **Django and MongoDB**. Implemented **RESTful APIs** for frontend applications and third-party service integration. Worked on **MongoDB data processing** and domain teams to develop **AI-powered features**. Improved application **performance, scalability, and responsiveness** through **backend optimization**.

CERTIFICATIONS

- Certification in **C and Java, Python Data Structures, MongoDB, SQL, HTML, CSS**.

SKILLS

- Language & Dev Skills:
 - Python
 - C
 - Java
- Back-End Framework:
 - Django REST Framework (DRF)
 - RESTful APIs
 - Celery
- API Integration:
 - RESTful APIs (Development & Optimization)
 - JWT
 - OAuth 2.0
 - OpenAI API Integration
 - Gemini API Integration
- Version Control, Tools & Cloud:
 - GIT, GitLab & GitHub
 - POSTMAN(API Testing & Debugging)
 - AWS EC2
 - S3 & Elastic IP
- Methodologies:
 - Agile
 - SCRUM
- Database:
 - MongoDB
 - PostgreSQL
 - MySQL
 - Redis

EDUCATION

- **Bachelor of Engineering**
JAYARAM College of Engineering & Technology
June 2018 – Jun 2022
CGPA: 8.02

LANGUAGES

- English
- Tamil
